

## 250+100 QIAprep & QIAquick Promo

Hi QIAGEN Fans!

As an ongoing promotion, whenever you want to order either the 250 preps of the QIAprep miniprep or the QIAquick Gel extraction or PCR clean up kit, I will provide a bag of 100 columns (respectively) free of charge. Just email me at [robyn.selva@qiagen.com](mailto:robyn.selva@qiagen.com) when you want to order, and I will get you the discount/free column quotation. I call this the QIAprep & QIAquick 250+100 promo. I will be running this promo throughout the year.
