You will be prompted to create an Amazon Business account before your first requisition through Amazon in AggieBuy. Use the below scenarios to understand how to take appropriate action for creating an Amazon Business user account.

### Scenario 1
Create a New Business User Account

- If you don’t have an existing Amazon account tied to your UCD email address, you will be provided step-by-step instructions to create your new account log-in for your AggieBuy Amazon Business account.

- Please be sure to use your full name when completing this form (First Last).

- Once your account has been created, you can start shopping.

### Scenario 2
Separate Business & Personal Shopping

- If you have an existing Amazon account tied to your UCD email and use this account for both business & personal purchases, please follow the prompts to separate your personal order history from your work email.

  - Sign in to get started
  
  - If you cannot remember your password, you can click Forgot your password? to reset it.

  - After signing into your existing account, choose a new email for your existing personal order history to be associated with. The new email address cannot be associated with an existing Amazon.com account.

  - This will free up your work email to be used strictly for business purchases moving forward.

  - Confirm your name and new business password by completing the set up for your business log-in following steps in Scenario 1.

### Scenario 3
Migrate your existing Amazon Account

- If you already have an Amazon account tied to your UCD email address and use this account solely for business purchases, you can migrate this existing account to your organization’s Amazon Business account.

  - Sign in to the existing account that you use for business purchases on Amazon.com.

  - To migrate this account, click on the blue hyperlink on the right: "I want to convert…"

- Confirm that you have not made personal purchases on this account. If you change your mind you can still separate your accounts.

- Click Next Step to confirm your account conversion and start shopping on the central account with your same existing credentials.
