AggieShip Lightning Talk!

Jim Hewlett

UC Davis

Fall 2018

What is AggieShip?

- **Upcoming replacement** of the **FedEx System** that UC Davis departments currently utilize for express shipments!
- UC Davis customers will be **able to still use FedEx** for shipping, but **additional options of UPS and DHL** will also be available!

What is AggieShip?

- **Hazardous and International Shipment** Options will also be available!
- User will enter shipping information, and system will provide **multiple shipping options**, with the **least expensive one(s) listed first!**
- Target timeline for **go-live** is **February 2019!**

Why a New System?

| | Current FedEx System | AggieShip |
|--|----------------------|-----------|
| Compliance with today's IT standards | ✘ | ✔ |
| Compliance with Federal Shipping Regulations | ✘ | ✔ |
| Hazardous Shipments | ✘ | ✔ |
| International Shipments | ✘ | ✔ |

AggieShip Hazardous Materials Shipping

Dry Ice

Infectious
Substances,
Category B

Excepted
Quantities

What are Category B and Excepted Quantities?

Category B

- **Infectious substance** that is not in a form generally capable of causing permanent disability or life-threatening or fatal disease

Excepted Quantities

- Weight specification. Dangerous goods in *excepted quantities* prepared in accordance with IATA 2.6 or 49 CFR 173.4a are subject to regulations. The shipment of dangerous goods in *Excepted Quantities* requires a label.

AggieShip Access and Roles/Permissions

- Will be online system accessible with your **Campus User ID** and **Kerberos passphrase**
- Users who have not shipped before with FedEx application will be required to complete an online access request (approval from fiscal officer)

AggieShip Access and Roles/Permissions

- **Default system permissions** will allow users to generate shipping labels for **domestic ground** and **express** shipments of **non-hazardous materials**
- **Hazardous** materials and **international** shipping privileges will be granted once training requirements in the Learning Management System (LMS) have been completed

AggieShip Training Requirements

- Online training and periodic re-certifications required and managed via the campus UC Learning Center (“LMS”)
- **International Shipments**
 - Must be prepared and screened in accordance with Federal Regulations
 - Recipient, Institution, Country and Commodity screening is required

AggieShip Training Requirements

- Online training and periodic re-certifications required and managed via the campus UC Learning Center (“LMS”)
- **Hazardous Materials Shipments**
 - The packaging and shipping of hazardous materials shipments is also restricted under Federal Regulations
 - The functionality of this system is restricted to shipping dry ice, infectious substances Category B, and excepted quantities

AggieShip Online Help Guides/Resources

- Online resources and guides will be available for assisting users in using AggieShip; resources will include:
 - FAQ
 - Step-by-Step Instructions on completing the required screens/fields for each type of shipment
 - General Overview Pages
 - Contact Information

Our goal is to empower you with the tools and resources you need to ship items quickly and efficiently, while following the appropriate protocols/policies!

What's On Tap Next?

- Continued System Refinement with Vendor
- Test Cases Development and System Testing
- Training Development
- Online Help Resources and Website Development
- Forums (in person and online)
- Go-Live!
